

SAN FRANCISCO'S BILL GRAHAM CIVIC AUDITORIUM – NOV 17TH 2007

Bill Graham Civic Auditorium's - the original Beaux Arts style façade constructed of native California granite for its debut at the Panama Pacific Exposition in 1915.

The historic Civic Auditorium is one of the most visible and well-recognized buildings in The City. Today, flags fly atop it's four story frontage and the spirits of yesteryear gaze out onto the plaza from behind the building's three enormous windows, each measuring one and a half stories tall.

Bronze medallions featuring busts of Bay Area artists contributing an original sound to American music line the pavement just outside. Among them are rock concert promoter Bill Graham, blues icons Janis Joplin and John Lee Hooker, and rock n' roll legends Carlos Santana, Jerry Garcia, Jefferson Airplane, Journey, and Metallica.

Papillon VI not only brings to our audience the two sensational performers, patrons for VIP section will also enjoy an exclusive VIP cocktail reception before performance presented by elite chefs and their restaurants of the bay area

Following the sensational performance - guest will continue the evening enjoying yet another champagne and dessert tasting at our north hall VIP room. Our VIP will also have an opportunity to meet and greet our mega star.
